Prima Industry Co.,Ltd
www.primabuilder.com

Location: Sweden

Prima offered: Spigot glass railing

Apllication: Roof deck

Reviews:

I had a party with friends once the railings installed. All of my friends loved what the railings look and asked me for the price and supplier information. Yes, they wanted the railing as well and finnally most of them purchased from Prima not only railings, but also other construction materials, such as aluminum windows and doors, staircases, etc.

Balustrade Project --- Germany

Project: Dormitory

Application: Balcony & roof deck

Year: 2019

Balustrade Review:

The balustrade looks great, strong and beautiful;

there was some accessories missed and they resent them by air once I told them, anyway it's a nice expirience because they were positive to deal with everything.

Location: Netherlands

Prima supplied: Spigot glass railing

Project: Suburban house

Apllication: Balcony & wimming pool

Why choose prima:

1. Competitive price ans quality is good

Outdoor Spigot Glass Railing Project in Norway

Project: Outdoor public area

Prima offered: Spigot glass railings

Quantity: 850M

Products value: More than 90,000USD

The manager made the decision to order from Prima because of the professional solution and Prima had provided very professional suggestions about installation, which other suppliers didn't focus on.

And they shift other orders to prima due to:

Stable quality and price;

Patient guidance and service.
